

As a company specializing in quality, measurement, and project management, QMP Management is committed to maintaining high standards of professional excellence, innovation, and integrity. We rely on a global network of experts to respond appropriately and efficiently to the needs of our partners and clients. With roots in the world of training and research, our company places particular importance on promoting African skills and involving young people in all its initiatives. Our mantra - "Let's create a space of trust to move forward together" - sums up our commitment to creating an environment conducive to growth, sustainability, collaboration, and mutual trust.

## NOTRE VISION

We aim to create a strong network of Euro-African and international partnerships to strengthen the actions we undertake. We firmly believe that collaboration with diverse and complementary actors is essential to achieving our common goals. By forging strategic links with African, European, and international partners, we aim to pool our resources, expertise, and knowledge to maximize the impact of our initiatives. We are convinced that this collaborative approach will enable us to innovate, share best practices, and respond more effectively to the complex challenges and changes we face. By joining forces through strategic partnerships, we aspire to create a better and more sustainable future for the communities we serve.

## NOS MISSIONS

### DIAGNOSE

Audit, evaluate, and optimize management systems and functions.

### TRAIN

Provide training tailored to needs in the areas of quality management, metrology, and project management.

### SUPPORT

Support companies and laboratories in implementing a quality approach and metrology process in accordance with international standards.

### FEDERATE

Bring together and support companies, research centers, and higher education institutions throughout the life cycle of cooperation, training, R&D, and innovation projects.

### ORGANIZE

Organize meetings for the exchange of best practices as well as scientific events with national and international reach.

## NOS VALEURS

### INTEGRITY

Honesty, rigor, and professionalism guide our actions.

### AGILITY

We adapt quickly to the needs and constraints of our partners and customers.

### BOLDNESS

We are always looking for innovative approaches to meet expectations.

### OPENING

We take a keen interest in understanding the different socio-cultural contexts in which we operate.

### EXPERTISE

We bring together and provide access to an internationally recognized network of multidisciplinary expertise.

### SHARING

The exchange of experiences and best practices is one of the main keys to progress for us.

## OUR COMMITMENTS

### CONFIDENTIALITY

We pay particular attention to protecting the sensitive and private information of our customers, partners, and stakeholders. We implement strict security and data management measures to ensure the confidentiality and integrity of the information we process.

### IMPARTIALITY

We are committed to maintaining integrity, objectivity, and independence in all our activities. We take care to prevent any conflicts of interest by implementing rigorous policies and procedures.

### PROFESSIONAL ETHICS

We place integrity at the heart of our decisions and actions. We adopt and promote exemplary ethical behavior in accordance with the law and international best practices. We implement an integrity management system that promotes the prevention of corruption, transparency in professional relationships, and the fight against all forms of fraud or abuse of power. We encourage the confidential reporting of concerns and ensure that any reports contrary to our values are handled responsibly.

### PROFESSIONAL EXCELLENCE

We are committed to keeping our skills up to date, pursuing continuous learning, and providing high-quality services to our partners and clients. To do this, we rely on rigorous processes, cutting-edge expertise, and a culture of continuous improvement.

### VALUING AFRICAN SKILLS

We are committed to promoting and valuing African skills in all our projects and initiatives. We cultivate an inclusive, respectful, and stimulating environment that encourages diversity, equal opportunities, and professional development for all.

### YOUTH ENGAGEMENT

We believe in the importance of education and youth engagement in the development of our societies. We are committed to supporting educational initiatives, promoting access to quality education, and providing opportunities for talented young Africans to engage and develop in our activities. We offer learning, development, and employment opportunities to young people through our own mandates, in order to prepare them to become the experts and leaders of tomorrow.

### COLLABORATION WITH UNIVERSITIES AND RESEARCH INSTITUTES

We develop strong partnerships with universities and research institutes to strengthen innovation, knowledge exchange, and the creation of solutions tailored to contemporary challenges.
